

About Us:

Overture Music Lessons is a private music studio for beginner through intermediate flute and piano students in Billerica, MA.

Susan Petcher, the owner and instructor, has been teaching music to students of all ages for over a decade.

She holds a B.S. in Education and has over 25 years experience as a pianist and flutist.

“Involvement in participatory arts programs has been shown to have a positive effect on mental health, physical health, and social functioning in older adults, regardless of their ability. The arts also contribute to communicating, building sense of identity, preserving or restoring social capital, and strengthening social networks in communities.

- Arts in Aging report from the National Endowment for the Arts, 2015

Adult Music Appreciation

**Music Classes for Seniors
from Overture Music Lessons**

www.overturemusiclessons.com

Our Classes

Our Adult Music Education classes are an interactive opportunity for senior adults from varied musical backgrounds to engage with a variety of musical styles and concepts. No musical expertise required!

Each one hour class includes a mix of critical listening, music analysis, creativity, ear training, reflective listening, and performance activities. Your groups is sure to get moving and grooving with body percussion, pitched tubes, shakers, tambourines, and more as they engage with the music.

Every class concludes with a sing-along of favorite songs your community knows and loves such as You are My Sunshine, Somewhere Over the Rainbow, Irish Lullaby, and more.

Class Themes

Plan your community's Music Appreciation Class using our menu of themed classes or request a specific topic and have a class designed for your needs.

Need a class to fit a community event, monthly theme, or educational goal? Just let us know! We love to create individualized classes!

Here are just a few of our most popular themed classes:

Wizard of Oz:

Explore melody and chords while singing along with music from the Wizard of Oz. We'll listen to a mashup of Somewhere Over the Rainbow and What a Wonderful World and explore how to combine songs together with similar patterns.

The Music of John Philip Sousa:

Learn about meter, steady beat, music history, and expand your musical vocabulary, all while listening to the most famous marches in history.

Summertime:

With so many great songs about summer out there, we'll explore some of our favorite summer pastimes while playing along with rhythm instruments. Write your own lyrics to In the "Good Old Summertime" and share what makes summer so much fun for you!
